I assumed for 'being rude and bullying' I didn't like her before because of the stupid "Grammar Nazi" thing. That isn't a valid reason to be rude towards somebody. I was one of those somebody and i reported that

Oh, come on, she's not **that** rude, but she does get offended and upset pretty quickly, especially over ships. And I can kind
of see someone reporting her.

At least it's not a permanent ban...I would most likely be crying if that was the case. But a week isn't really all that long, and
I'm sure we could all use at least a **small** break from the forums.

@Everyone saying how awful Future is... keep in mind that she can read this. And probably thinks you guys are jerks, since you're only complaining about her when you think she can't read this.
